

Accessories

The refined design of the accessories is fully in line with our HIDDEN design label, where comfort and design are inseparably linked. Each element is finished with a black, textured epoxy coating with a textured finish.

01. Lowerable raising support Lox (*)

ref. 14434

The HILO bed can be equipped with a (removable) raising support on one or both sides.

02. Upholstered holder for hand switch (*)

ref. 12530

Upholstered holder for magnetic fixation aid with upholstered hand switch holder (only for HB 200).

03. Mattress support

ref. 14871

When adjusting the bed, the mattress remains in place even better.

04. Wall spacer

With the wall spacer, the bed always remains at a safe distance from the wall.

05. Accessory holder (*)

ref. 14209 (**)

The accessories are attached to an accessory holder, which can be mounted on either the left or right side of the bed.

06. Lifting pole (*)

ref. 14200

The lifting pole is adjustable by 90° and never swings outside the lying surface. The maximum static load of the lifting pole is 75 kg.

07. IV rod (*)

Ref. 14210

The IV rod is adjustable by 360° and includes a hook for hanging an IV.

08. Bed connector

ref. 15734

A bed connector enables you to link two single HILO beds together.

(*) Only possible on the HILO high/low bed

(**) ref. 14209 for mattress platform width of 90 cm
ref. 15151 for mattress platform width of 100 cm
