

Hilo

DIMENSIONS AND TECHNICAL DATA

- width: 91 cm, length: 202 cm (depending on the mattress platform dimensions)
- height variation of the mattress platform (without mattress) : ± 32 cm - ± 80 cm
- safe working load: 200 kg (mattress included)
- mattress platform dimensions:
90 x 200 cm or 100 x 200 cm
90 x 210 cm or 100 x 210 cm

MATERIALS AND FINISHING

- metal: epoxy-coating RAL 9005 structure
- wood: plywood
- foam: CMHR foam (fire-retardant)
- all used materials are fire-retardant
- withstands the common cleaning products and disinfectants

For more information about the materials and construction: please check our material files. We would like to refer to our extensive colour gamut

OPTIONS

- Hook for an easy placement of the hand set by means of a magnet (magnet included)
- castors Ø 65 mm to move the bed in the room
- wall spacer
- accessory holder for an IV rod, lifting pole or reading lamp
- head panel (single or double version)
- lowerable raising support Lox
- felt glides to protect the floor
- mattress support

Hilo adds an extra dimension to the many assets of the box spring: an invisible high-low mechanism that has been fully integrated in the box spring frame. The Hilo bed represents the HIDDEN philosophy perfectly: it offers design furniture without visual compromises, but with comfort and functionality in the heart of the design itself. **ref. 12376**

MECHANISM

- firm metal mattress platform frame
- highly stable high/low adjustment by means of a support arm system
- the beautiful finish of the support arms contributes to the elegant look of the bed
- the 5-section mattress platform is inclined by means of two levers
- the carriage has no actuators, which facilitates its accessibility and possibility to clean

MATTRESS PLATFORM

- the metal mattress platform is finished with a fixed plywood frame
- the 5-section mattress platform consists of a footrest, a knee rest, a fixed middle part, a backrest and a headrest
- the head section is automatically put into a natural lying position when the backrest is inclined
- the plywood mattress platform plates are equipped with pockets springs (7 cm high) and edged with strong CMHR foam
- the mattress platform is finished with a fabric chosen by the customer
- the surface of the mattress platform is equipped with a highly comfortable and ventilating antiskid cloth with 3 Velcro fasteners. These can be used to fix the mattress on the mattress platform

ELECTRIC BED MANIPULATIONS

- the hand set is equipped with a hook
- high-low adjustment: 32 - 80 cm (without mattress)
- TV/reading position: 13°
- backrest adjustment up to 55° with a simultaneous nod angle
- knee rest adjustment: 35°
- "legs-up" position: the foot section is 10 cm higher than the head section
- the hand set is equipped with a preprogrammed sleeping position and a relax position (reading/TV position)
